

OVERCOMING POVERTY

3 PART PROGRAM FOR YOUTH (with their families)

Cost: FREE
Sign up today.
First class starts Feb. 8

3 sessions run 18 weeks;
available in three separate class times

A series of 3 sessions that teach families anti-poverty thinking, positive attitude, and helpful strategies for success.

1 SESSION ONE ~ Ben Carson's **Think Big**

In *Think Big*, Dr. Ben Carson prescribes his personal formula for success. And who could better advise than one who transformed his own life from that of being a ghetto kid with problems in school to becoming the most celebrated pediatric neurosurgeon in the world? It shows how a person should view problems, evaluate them, react to them, and eventually overcome them.

2 SESSION TWO ~ Stephen Covey's **7 Habits of Highly Effective Families**

A practical and helpful class that teaches how to solve the problems - large and small, mundane and extraordinary - that confront all families. Learn why to have family meetings, the importance of keeping promises, how to balance individual and family needs, and how to move from dependence to interdependence.

3 SESSION THREE ~ Cheryl Schantz's **Money Matters**

Learn the simplest, most straightforward game plan for completely making over your money habits. And it's based on results, not pie-in-the-sky fantasies. Design a sure-fire plan for paying off all debt. Understand your money habits and learn 10 steps to improve your financial situation. Put yourself in charge of your plan now!

"Knowledge will forever govern ignorance, and a people who mean to be their own governors, must arm themselves with the power knowledge gives." – James Madison

About:

Vision:

The *All American City of Youth* program is a virtual city run by students with adult advisors developing leaders in their business and organizations.

Goal:

To build leaders in young people- through helping each student become the person they were created to be; students will become active citizens in their communities who will become successful individuals adding value to self, their family and the communities in which they live.

Objective:

By the end of the first year of operation, we will have made an impact in the lives of 20 families. Teaching values of hard work, service and success skills. These students would recruit students for future programs; teaching them what they have learned.
